

I consider myself very lucky to be taught by R.C. Sir. Mathematics was initially my weakest subject and I had least interest in it of the three but after being taught by R.C. Sir I began to enjoy it and built up a lot of interest in it and eventually acquired decent enough score to clear JEE. As far as R.C. Sir is concerned the best thing about him is his way of teaching, he presents the most tedious concepts in a very easy to understand manner, the materials provided by him are par excellence and the interactive class is never too boring or tiring. I thank R.C. Sir from the bottom of my heart for guiding me and I advise aspiring students to not to lose the opportunity of being taught by such a good person.
