

Rajesh Sir guided me through the 2 year of my JEE preparation. He taught me in class XI and XII. He was always there whenever I had any doubt & queries. In his class he starts with very basic level problems and slowly, slowly moves on to difficult problems.

His teaching material and practice sheets are sufficient for preparing for the JEE. No extra theory is required apart from the class notes. "Concentration" is the only requirement.

So if you are entering in his coaching half of your work is just finished. Remember he'll be always present whenever you need him.
